I am also okay with those changes. Thanks

Those highlights look okay to me, but I defer to █████ on final approval.

OK, I made some idiosyncratic changes, plus a few things highlighted in green for you to verify. I have one Q set forth in the footnote.

████ is out, but the clerk's office says to use the same miscellaneous number because the applications are related. The prior misc number was: 19 Misc. 0586

And attached for reference in case that's helpful.

Working on it right now. █████, please check with █████ to see if we should use the same docket no as was assigned to the first 6e order.

Yes, this looks good, thanks – I made one more typo correction in the attached (in the new Trust Two language, “and revocations” got repeated in the footnote and the order) but otherwise no changes.

Thanks for flagging, [REDACTED]. I made a few small changes (which I highlighted since we've got a fair bit of track already) which I think should make this broad enough to cover the Trust II stuff. Can you take a quick look and if everyone is okay with this, perhaps we can plan to get this to CM on Monday morning? Thanks

I apologize for the delay on this – I've added the relevant language about revocations to both the application and the order, and corrected a stray typo, so that stuff is good to go. But two quick things to note, not to belabor this, but – it doesn't look like there's any reference to the Trust Two documents – that may be because they're not referenced in any will? At a glance I don't see Trust Two in any of the wills, but I'd want to go back and look more thoroughly unless somebody already made the decision on that basis. And second, it references a 2019 Trust but I don't see any documents on that? I have to run out tonight but can certainly circle up with [REDACTED] and/or [REDACTED] tomorrow on any of this, or just ignore it if I've misread.

thanks,

[REDACTED].

Just wanted to circle back on this – [REDACTED], are you signed off? Is this something we could get over to Part I today or tomorrow? Thanks

[REDACTED], is it the intent to share those? If so, I'll just add it to every mention of each document, but if not then it's unnecessary. I don't think those are substantive docs but I defer.

Yes, I think this document accurately describes the materials we've received, with just a note that it doesn't appear to include revocations, so to the extent those are intended to be shared, I think that word may need to be added.

thanks,

[REDACTED] – I've updated the sharing order application to be one to share the additional trust and will documents we have now received. Would you take a look when you can?

[REDACTED] – I've tried to describe the various materials we have gotten from the estate attorneys over the last two weeks. Would you mind taking a look (or asking a paralegal to take a look) to make sure I've accurately described/characterized the new stuff we're looking to share?

Thanks,
