[REDACTED] – sorry one small thing, can you just list the documents in the index in the letter as "Spreadsheets" not FBI Spreadsheets? Thanks!

Updated PDF attached, thanks! I can upload to USAfx after you share the correspondence with them. If you have no objections, I'll share the production with the same people we did last time [REDACTED]

[REDACTED]. Should take only a few minutes to upload. Thanks!

Thanks so much, [REDACTED] Can you please update the bates range in the first paragraph and then send me a PDF of the letter? Can you please remove the word "discovery" from the title of the PDF? Are you able to share with the defense via USAfx?

Hi [REDACTED]

Are you able to send this out first thing tomorrow morning, if you're not able to send tonight (and no worries if you can't)

Thanks!

[REDACTED]
Sorry for the night email, but we need to send out the spreadsheets [REDACTED] sent us to the defense tonight. Are you able to get them in a production and stamp them? I'll circulate a discovery letter.

Thanks!
