I understand it's the default, and that's why I specified in my email that it was not paid for by the business card, but rather by my personal credit card.

The Govt. card is the default payment method for business travel.

Sorry but I don't believe this voucher is accurate, similar to the prior one. First, it appears to allocate one night of the hotel to the travel card, which is incorrect—the entirety of the hotel was paid on my personal card (please see attached email and I'm again sending the hotel invoice). Additionally, it doesn't appear to include the hotel tax of \$ 70.12, which I also paid on my personal credit card.

Please let me know when it's corrected and I'll review again. Thanks.
