10:30 PM

Your wife is a fucking scumbag
she's gunna get endited and go
down following the testimony of
the lil girls who are grown up now
and remember everyone involved
in this shit. U better kick her to
the curb u fucking nutsack
chinned toothless redneck
inspired street monkey. I like to
race but I hate pedos and I hate
enablers and she better buy a gun
and put it to her head or end up in
federal prison for the crimes she
will be picked up soon you
fucknut. I'm gunna come kick her
in the cunt she can run but she
can't hide and ur pussy ass knows
that, as why you won't defend her.
And if you block me ill make more
accounts soon I will come see that
bitch and stick a rusty exhaust
pipe in ur dumb wifes dried out
cunt and ill tape her to a Buick
and put it in drive and jump out
and coast her ass into a canyon
