Yep, the August flights are what I was referring to. [REDACTED] recalled the NM trip was sometime after [REDACTED] returned from the Africa trip with Epstein and President Clinton. I don't have the records in front of me, but I believe those August flights are after the Pres. Clinton flights.

Hey, just a quick question about this in the CC update memo – "flight records do reflect at least one trip that [REDACTED] took with Epstein to New Mexico during the general time period in 2002 when [REDACTED] recalls the assault occurring"

Looking at the records from July 2002 through the end of the year, and looking for either ABQ (Albuquerque) or SAF (Santa Fe), I only see the following:

- July 17, SAF to TEB (includes [REDACTED])
- August 5, TEB to SAF (includes [REDACTED]) and August 17, SAF to TEB (includes [REDACTED])

[REDACTED] says she met Epstein in 2002, so is one (or both) of those trips what we're referring to? I don't see any other records of flights to New Mexico in the second half of 2002 at all, and [REDACTED] doesn't show up by name on the jet until December . . . and then I don't see her again until April 2003 (which is consistent with her being in Spain for the beginning of 2003).

Just wanted to check – extremely possible I'm not seeing something! Or just that the July / Aug. flights are what we're referencing. Thanks!
